724
Active participants in the Reading Campaign

100
Total scholarships given to Nicaraguan students

35,296
Total user visits to SOL Learning Resource Centers

12
Construction projects completed in Nicaragua & Guatemala

Rosita is one of over 700 students in the Reading Campaign. Together, they have logged 2,511 hours of reading - which is over 104 days!

"Some of the students have a hard time, such as not following the punctuation cues; reading in a mechanical form, without pausing... The Reading Campaign has done something tremendous for the students and helped me to reinforce their knowledge and learning. It's been a tremendous help to improve the quality of education for all of the students." Karen, a primary school teacher in the rural community of Las Mesas, outside of Ciudad Darío, Nicaragua.

2021 Overall Income - \$389,564

- Individuals and organizations - \$292,314
- Fee income and other - \$41,180
- Fundraising events and other - \$56,070

"It has been of great importance for me to be a part of the SOL family over the years. SOL's programs have helped me develop as a professional, motivated me, and provided me with the necessary tools to continue fulfilling my goals. I started the program at the age of 8 years old.... I am so grateful for the opportunities that were provided to me. Just as they helped me so that I could continue to meet my goals, I hope SOL continues to support many more young people who want to improve themselves and meet their goals, given that many times there is not enough support out there for students to finish their studies and obtain a university degree." 4th year university scholarship student, Enma.

2021 Overall Expenses \$367,054

- Program - \$311,857
- Fundraising - \$29,965
- Administration - \$25,189
